## Supporting University Community pathways for REfugees-migrants

S.U.C.RE. focuses on the processes (linguistic support, knowledge level, etc.) required for the proper integration of refugees/migrants in higher education as well as on their academic support after their acceptance/entrance in a University. In addition, the programme focuses on the psychosocial integration/support of refugees/migrants and their proper information on legal and medical issues. S.U.C.RE. aims at creating educational/training material to be properly used by trainers for the above stated purposes.
